

CURRENT RESEARCH IN EGYPTOLOGY

Basel, 10 – 14 September 2023

Dear Colleagues,

We are pleased to announce that the call for papers for the next “Current Research in Egyptology” conference, which is to be held at the University of Basel, Switzerland, from the 10th – 14th of September, 2023, is now open!

The CRE is intended to provide early career researchers with a platform to present their completed and ongoing research to an audience of peers. To this end, we welcome abstracts on all aspects of Egyptology and Nubiology including, but not limited to:

- | | | |
|---------------------------------|-----------------------------|----------------------------------|
| ◆ Administration and Daily Life | ◆ Egyptomania | ◆ Medical Practices |
| ◆ Archaeology | ◆ History of Egyptology | ◆ Museum and Private Collections |
| ◆ Art History | ◆ Interdisciplinary Methods | ◆ Mythology and Religion |
| ◆ Cultural Contact | ◆ Language and Literature | ◆ Theory of Egyptology |
| ◆ Diversity in Ancient Egypt | ◆ Linguistics | |

This year’s CRE will provide three different presentation formats:

1. Standard presentation – 20-minute presentation, plus discussion.
2. Short presentation – 10-minute presentation, plus discussion.
3. Poster presentation – Poster displayed in the foyer of the event location with a dedicated poster session.

The short presentation format is added for researchers with new projects who are looking for feedback early-on in the research process, and an opportunity to connect with early career Egyptologists working on similar topics.

Abstracts should be submitted through our [Google form](#). Abstracts should not exceed **300 words**, and abstract titles should not exceed **30 words**. The official language of the conference is **English**. Abstracts will be reviewed anonymously by an external scientific committee. In the application form, potential presenters should also note the desired format of their presentation, and if they wish to present digitally or in-person. We do, however, strongly encourage in-person participation in order to facilitate intellectual exchange. As such, the number of online presentations will be limited.

Important dates:

- 8 January 2023: Deadline for abstract submissions.
- 17 March 2023: Notification of acceptance.
- 17 March – 30 June, 2023: Early-bird registration.
- 1 July – 31 August, 2023: Late registration.

Our first circular containing further details concerning registration fees and Basel as a conference destination will be forthcoming. Web-links and further information will be made available on <http://cregyptology.org.uk>. For additional queries, please contact us at CRE2023-aeg@unibas.ch.
